These 4 sustainable homes feature 3 bedrooms with built-in wardrobes, 2 fully equipped bathrooms, a spacious living room, a fully fitted kitchen and a terrace.

The properties are available on the ground floor with front and rear terrace/garden, or on the upper floor with a terrace and private solarium. The upper-floor homes also include photovoltaic panels on the roof for energy efficiency.

The kitchens are fully furnished and finished with granite or synthetic countertops (Silestone or similar). Bathrooms are completed with high-quality sanitary ware and fittings, including concealed cisterns.

These homes also include pre-installation for ducted air conditioning with heat pump, mechanical
